

# ReadyVote™ Voting Booth

Most Efficient, Easy-to-Use,  
Convenient Solution on the Market

## **Ease of Use**

This unique booth is the easiest to set up in the industry because no setup is required -- saving time and energy while providing convenience to poll workers. Wheels provide the ability to roll several carts around while nestled together which allows for complete booth arrangement in a matter of a few minutes.

## **Low-Cost of Ownership and Maintenance-Free**

Its steel construction and design elements eliminate the need for routine maintenance or parts replacement  
-- *No longer a need to purchase and store replacement parts.*

## **Convenient Transport**

Each booth has built-in wheels for easy transportation between storage and polling places allowing for easy Election Day setup.  
-- *No lifting and carrying required.*

## **Sturdy Construction**

The design and structure of this voting booth was built to last. It features a large, sturdy surface for the voter to mark their ballot with confidence in privacy. This booth is the toughest booth in the world and the last one you will ever have to purchase.

## ***HAVA Approved / ADA-Compliant***

*The best benefit of this multi-function booth is that it's covered by HAVA funds.*

*Wheelchair Accessible version is also available.*

*Meets all ADA access requirements.*

## **Specifications**

## Storage and Transport

**Convenient Transport...** Features four heavy-duty wheels built-in for easy transport between storage location and polling location. Each booth slides into the next providing a compact storage space-saving solution and the convenience of no assembly or parts maintenance.

## Storage Space Requirements...

Ability to nest 600 ReadyVote™ Booths in a 4' x 100' area.

### Optional Accessories

- Brake Casters - 2 per booth
- Colors - Quantity Dependent
- Location Identification Decals - Quantity Dependent

### Most Efficient, Easy-to-Use, Convenient Solution on the Market

The storage and operation of this voting booth is as easy as 1-2-3. Simply roll the carts onto a delivery truck, roll them off the truck into the polling location, and then roll to desired location for voting.

### Durability and Quality

The construction provides durability for a long-lasting solution for your voting booth needs, and is virtually maintenance-free eliminating any need for parts replacement and other maintenance expenses associated with the repair. For your voters -- it provides a safe, stable surface for marking their ballot in privacy and comfort.

### Versatility

The design and development of this booth allows for multiple options for polling place voter setup. With the variety of layouts in each polling location, this provides a solution for every layout and room size.
